

CURRICULUM-VITÆ

DR.P. PANDIA VADIVU

M.Sc.(Bio), M.Ed., M.Sc.(Psy), M.Sc.(G&C), M.Phil., Ph.D.B.Ed SE(MR),

“The function of the teacher is of vital importance. He must be a committed man, committed to faith in the future of man, in the future of humanity, in the future of this country and the world. He must work with this implicit confidence in the power of humanity, in the recuperative power which it has and by which it can cleanse and purify itself. Unless he has faith in that, he will never be able to advance higher”.

*Dr.Sarvapillai Radhakrishnan,
Former President of India and
a Teacher Par Excellence.*

A teacher affects eternity; he can never tell where his influence stops.

Henry Adams

I seek a method by which the teachers teach less and the learners learn more.

Comenius

Teaching is not all what a teacher thinks, does and expresses; but it is the thing that makes a child think through cognitive and Metacognitive process , do and express the same.

Dr.

P.PANDIA

VADIVU

14. My VISION STATEMENTS

I wish to provide and monitor high quality in Teacher Education to practicing teachers and the students through valuable teaching by Concept mapping and Metacognitive strategies and by employing appropriate technologies.

My vision is to offer quality improvement in teacher education programmes to empower the student teachers and to foster lifelong learning among working teachers. It also aims innovation through excellence to contribute to economic and cultural transformation by grooming teachers for the pursuit of excellence, commitment to enduring values and mastery of ever changing technology in education in the context of globalised environmental through the University conceived as an institution of social entrepreneurship. The traditional class rooms will be changed gradually into virtual classroom through Information Communication Technology to bring quality enhancement in teacher education programme to make excellent teachers and

students to obtain the digital resources, and also teach to develop the brain based learning through Concept Mapping, cognitive and Metacognitive strategies.

And also wish to focus the followings:

- ❖ Impart and equip with knowledge, in line with the recent trends.
- ❖ To foster a congenial atmosphere to bring out the innate talents.
- ❖ To instill self confidence by inculcating with inputs like communicative skills, personality development.
- ❖ Fabricating more career opportunities.
- ❖ Motivating the views to become entrepreneurs.
- ❖ Building healthy practices for healthy life.
- ❖ To assist in technology transfer and encourage self employment.
- ❖ To nurture Value based learning to the economically backward first-generation learners hailing from the rural communities.
- ❖ To ensure quality education.
